

Find your Ring size

- Print out this page, but make sure that the document's size is set at 100% and uncheck the "Fit to page" option on your printer menu.
- After the document is printed, please measure using a ruler the distance pointed on the ring sizer, and make sure it is exactly 3,5 inches or 8.9 centimeters.
- Cut out the ring sizer and make a slot by cutting along the pointed line.
- Roll the sizer into a circle with the numbers facing outside and insert the end of the tab into the slot.
- In order to have an exact measurement, be sure that the sizer fits tight around your finger at its wider point, but not too tight.
- Read the size of your ring as shown through the slot.

Please use a ruler to make sure that this distance is
3,5 inches or 8,9 centimeters
